*Because Not Many Artists Commit Suicide By Leaping Off The Pinnacle Of Success*

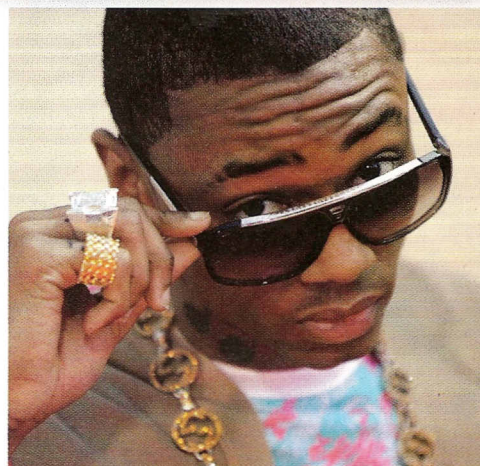

**The Contestant:  
 FANTASIA**

Let me tell it... I just couldn't live with myself knowing I had just killed myself. Let Fantasia tell it, suicide is her way of telling God, "You can't fire me — I quit." And that's why America's idol decided to swallow a bottle of pills and quietly turn in her resignation. And now... here's Fantasia explaining why suicide was going to be her permanent solution to her temporary problem: "I didn't have any fight in me. I didn't care about anything. I just wanted out. I just sat in the closet and took all the pills in the bottle. I wanted to go to sleep and just be at peace. I was tired of people doing me wrong over and over again. Dealing with my family, my father, dealing with men — and their (expletive) — I was tired. My head was hurting me. I was over it. I remember waking up in the hospital (and thinking), 'It didn't work, I'm still here in this hellhole.'" I see said the blind man. And now... Fantasia needs to know that suicide kills more than one person, ice jewelry. Did you see it?

**The Contestant:  
 NOT TIMBALAND**

In EbenGregory's world, life is like a Lifetime movie. If you've sat through more than half of it and it sucked every second so far, it probably isn't gonna get great right at the end and make it all worthwhile. That said, who would blame you for walking out the movie early? But... Timbaland's Lifetime movie doesn't suck. It's great. In fact, it's a blockbuster. So you can understand why, after being the focus of a Malibu manhunt because family members became concerned that the abrupt disappearance of a \$2 million dollar watch may have driven him to suicide, he was more than miffed. And now... here's Timbaland explaining why he couldn't commit suicide if his life depended on it: "It ain't nothin' to worry about. I don't know what happened to be honest with you; I don't know what people are talking about. People steal from me all the time. Yes, stuff did happen, it wasn't a watch it was something else. So only thing I did was take a drive to figure out how I'm gonna handle it. Why would I commit suicide?" And now... Timbaland ain't Fantasia, ice jewelry. That is all.

**The Contestant:  
 MAYBE SOULJA BOY**

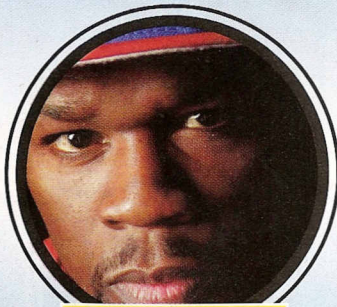

An assisted suicide happens when an individual helps another person die because they wanted to do so. "Assistance" may mean providing one with the means to end their own lives, but may extend to other actions. And now... here's Kat Stacks in a video trying to provide Soulja Boy an assisted "career" suicide as they romance together in a Georgia hotel: "What up y'all, this Kat Stacks b----. Can't really speak loud right now because Soulja's in the shower. Anyway though, I'm here at the motherf----- hotel, at the Intercontinental Buckhead in Atlanta right across the street from Soulja Boy's condo. I been here kicking it with this motherf-----. Yo, this motherf----- is a coke head. This motherf----- been doing dope all motherf----- day (Pans to \$60 Tony Montana lines on the dresser). That's why n---- can't f--- me right. I f---- this n---- three times. The first two times he came in five seconds, the third time he couldn't get hard and the n---- still came. He a coke head, yo. It's funny as h---." And now... somebody tell Kat Stacks that assisted suicide is not murder...but it can be.
